- We Are The Future Documentary
- Performing Arts Revitalization Endowment
- Led by the Jennings and Ferguson-Florissant, Missouri School Districts

# Announcing the Inaugural One World Symphony and The Little Bucket Experience Jamboree St. Louis

This first of its kind Jamboree is being hosted by the Jennings school district and includes the Ferguson - Florissant School Districts of St. Louis (Fall of 2022-2023). This Jamboree will honor our children to demonstrate to the WORLD that the future is bright and wide open through the ART of music and story!

We are combining for the first time ever:

- Maestro Dino Zonic's One World Symphony Orchestra featuring the middle and high school students with multiple performances across St. Louis
- Mr. Jeffrey Bates' The Little Bucket Experience was created to engage elementary school students to address mental health and emotional wellbeing
- Additional amazing events in development

These programs have delighted and uplifted the students and whole communities with stellar results for many years. We Care Forever is proud to be spearheading this Jamboree at this opportune time in our WORLD. We are bringing together individuals, ethnic groups, local governments and school districts, corporate partners, foundations, organizations, and celebrities to honor our amazing performers and visionaries of the future. We are embodying the slogan: "Be the change that you want to see. Empowered to be you. Empowered to be me!"

# Benefits of One World Symphony And The Little Bucket Experience

1. Offering your community a *once-in-a-lifetime* opportunity to come together through music and story.
2. Giving students with or without musical training an opportunity to participate in something life changing.
3. Inspiring the imagination through symphonic storytelling, Maestro Zonic and Mr. Bates will take you on a journey that opens new vistas and new dreams for the students, community, and America.
4. By effectively communicating in the global community our goal is to inspire everyone to to live and follow their dreams.
5. Preserved in a documentary, the magic of One World Symphony in your community for prosperity will be a lasting testimony to the triumph and the many challenges and successes of this monumental performance by our children.
6. Profits generated from One World Symphony will be endowed to the Revitalization of the Performing Arts Fund of Jennings, MO, and to support future One World Symphonies touring America
